ORDER

On May 9, 2024, Duke Energy Kentucky, Inc. (Duke Energy) filed its application with the Commission seeking a Certificate of Public Convenience and Necessity (CPCN) to authorize it to bid on a franchise offered by the city of Fort Wright, Kentucky, for electric and natural gas transmission and distribution service. Duke Energy provided a copy of Ordinance No. 04-2024, which authorized granting a franchise for the sale and distribution of electricity and natural gas within the city of Fort Wright boundary.¹ Ordinance No. 04-2024 was approved on April 17, 2024, and public notice of the sale of franchise was published on April 23, 2024.²

Sections 163 and 164 of the Kentucky Constitution and KRS Chapter 96 authorize municipal corporations to require public utilities, including non-governmental providers of electricity within the municipal corporations' boundaries, to operate under franchise agreements and to grant utilities the right to use public right-of-way on reasonable and necessary conditions. Under the provisions of KRS 278.020(5), no utility may apply for a

franchise from any governmental agency until it has obtained a CPCN from this Commission based on our finding that there is a need and demand for the service sought to be rendered.

In light of the city of Fort Wright's ordinance creating a franchise for electric and natural gas transmission and distribution service, the Commission determines that there is evidence of a need and demand for electric and natural gas transmission and distribution service in the above-mentioned city. Since the Commission's authority in such matters is limited by statute to finding only whether there is a need and demand for the service sought to be rendered, no finding or determination is made as to the qualifications of the bidder, the validity of any of the provisions of the franchises offered by said city, or the manner in which any franchise fees are to be treated for rate purposes.

The Commission directs Duke Energy to the Commission's July 22, 2021 Order in Case No. 2020-00085³ regarding filings with the Commission.

IT IS THEREFORE ORDERED that:

1. Duke Energy is granted a CPCN that authorizes it to bid on a franchise offered by the city of Fort Wright, Kentucky, for electric and natural gas transmission and distribution service.

2. If Duke Energy is not the successful bidder, Duke Energy shall file with the Commission, within ten days of the award of the franchise at issue, a written notice stating that Duke Energy was not the successful bidder.

³ Case No. 2020-00085, *Electronic Emergency Docket Related to the Novel Coronavirus COVID-19* (Ky. PSC July 22, 2021), Order (in which the Commission ordered that for case filings made on and after March 16, 2020, filers are NOT required to file the original physical copies of the filings required by 807 KAR 5:001, Section 8).

3. If Duke Energy is the successful bidder, Duke Energy shall file with the Commission, within ten days of the award of the franchise at issue, a copy of the executed franchise agreement and a statement disclosing the amount of the initial franchise fee.

4. If Duke Energy is the successful bidder, Duke Energy shall file with the Commission, within ten days of an increase or decrease in the amount of the initial franchise fee set forth in the franchise agreement, documentation setting forth the revised fee.

5. Any documents filed pursuant to ordering paragraphs 2, 3, or 4 of this Order shall reference the number of this case and shall be electronically submitted via the Commission's electronic Tariff Filing System.

6. This Order shall not be construed as granting a CPCN to construct utility facilities in said city.

7. This case is closed and removed from the Commission's docket.
