RE: West Shelby Water District
Case No. 2024-00154 Filing Deficiencies

The Commission Staff has reviewed the application in the above case. This filing is rejected for the reasons set forth below.
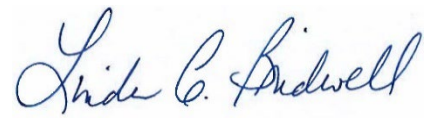

Filing deficiencies pursuant to:

1. 807 KAR 5:068 Section 1 (b): A schedule listing current and proposed rates; current rates noted in the provided application are incorrect.

2. 807 KAR 5:068 Section 1 (c): A copy of the supplier's notice showing a change in supplier's base rate; The supplier's notice for Shelbyville is not the most recent. Shelbyville filed Revised Notices on 4/11/2024. Tariff filing for both suppliers; Louisville's is in circulation. Shelbyville's was approved with a Revised Effective date of May 19, 2024. West Shelby Water District may proceed with the current Purchased Water Adjustment using the June 15th effective date for the Shelbyville rate increase and file a separate Purchased Water Adjustment for the Louisville increase or the District may continue with both increases and change its proposed effective date to July 1, 2024

You are requested to submit the information necessary to cure the deficiencies within 10 days of the date of this letter. If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

Linda C. Bridwell
Executive Director
