RE: East Kentucky Network, LLC d/b/a Appalachian Wireless
Case No. 2024-00174 Filing Deficiencies

The Commission Staff has reviewed the application in the above case. Please be advised you have not cured the deficiency. This filing is rejected for the reasons set forth below.

Filing deficiencies pursuant to:

1. 807 KAR 5:063 Section 1(1)(p): "A statement that: Two (2) written notices meeting the requirements of subsection (2) of this section have been posted, one (1) in a visible location on the proposed site and one (1) on the nearest public road; and..."
2. 807 KAR 5:063 Section 1(2)(a): The notices required by subsection (1)(p) of this section shall: 1. Be at least two (2) feet by four (4) feet in size; and 2. Except as provided by paragraph (b) of this subsection, state the following: "(Name of utility) proposes to construct a telecommunications ("tower" or "monopole" on this site. If you have questions, please contact (name and address of utility) or the Executive Director, Public Service Commission, 211 Sower Boulevard, PO Box 615, Frankfort, Kentucky 40602. Please refer to (assigned docket number) in your correspondence."

There is no way to verify that the requisite language required by 807 KAR 5:063 Section 1(2)(a) was actually used in the notice. A portion of the information required is not provided within the regulation and must be provided by the utility. There is no statement as to the docket number or name and address of utility listed on the signage. As is, the statement does not include the information used in the fill in the blank portions of the regulation and thus, does not satisfy the regulation.

You are requested to submit the information necessary to cure the deficiencies within 10 days of the date of this letter. If you need further assistance, please contact Brian Thomas at 502-564-3940.

Sincerely,

A handwritten signature in blue ink that reads "Linda C. Bridwell". The signature is written in a cursive style with a large initial 'L'.
