PUBLIC SERVICE
COMMISSION

Date: September 27, 2024

Re: Mail to Counsel for Kentucky Public Service Commission.

On September 27, 2024 served first Request for information to Kentucky Public Service Commission.

Louisville gas and electric company P.S.C. electric No. 13, fourth revision of original sheet No. 5 requested Kentucky Public Service Commission to provide detail explanation on the Basic Service Charge per day supported by the laws and regulation of the USA and Kentucky.

The detail explanation of the "variable". What does mean compromise of costs, such as fuel that fluctuate with the production of energy?

The detail explanation of the "infrastructure". What were the costs associated with meeting the system demand that do not fluctuate directly with energy usage?

What were the portion of fixed custom-related expenses?

Without the explanation supported by the law and regulations of the USA and Kentucky. Louisville gas and electric company P.S.C. electric No. 5 have to be delete completely. In the same way as former foster/adapted parents can not drive their own cars, trucks, vans due to the Louisville gas and electric company employees, former foster/adapted children stole the cars, trucks and vans from them and everybody in the Louisville gas and electric company.

I do not ask for the full refund, only partial refund. In order for me to calculate properly I have to read the tariff created by KY Public Service Commission supported by the laws and regulations of the USA and Kentucky. Please, I want that my electrical bills will be calculate properly in the future.

Louisville gas and electric company P.S.C. Electric No. 13,
Original Sheet No. 10.1 requested 'Kentucky Public Service
Commission to provide detail explanations on the maximum
load with the calculation of the maximum load supported
by the laws and regulations of the USA and Kentucky.

What is the Rate GS? Supported by the laws and regulations
of the USA and Kentucky.

What does mean meter capable of measuring demand in
detail explanations? Supported by the laws and regulations
of the USA and Kentucky.

Before the employees of Louisville gas and electric company
decided to do any electric works near the apartment complex,
or on the territory of the apartment complex, or in my apart-
ment which I rent and live. Kentucky Public Service
Commission has to provide the proof of higher education in
electricity or associate education in electricity. As well as
proof of the birth certificates of the employees and the proof
that employees of Louisville gas and electric company came
to Kentucky legally by own, their personal cars through
Auto loans or a receipt of purchase a car at the whole price.
As well proof of the titles on their personal cars, proof of the
car insurances and the registrations. Otherwise, Louisville
gas and electric company employees drive stolen cars to
work, during work hours and from work. And also
the proof what addresses the employees of Louisville gas and
electrical company lived before.

What does mean customer's load will be measured and will
be the average KW demand delivered to customer during the
15-minute period of maximum use during the month in
detail explanation?

Without the explanation supported by the law and regulations
of the USA and Kentucky. Louisville gas and electric company
P.S.C. electric No. 10.1 have to be delete completely.

In Louisville Gas and Electric company P.S.C. electric No. 13, First Revision of Original Sheet No. 15.1 requested "Kentucky Public Service Commission to provide detail explanations how the load measured and detail calculations of the average KW demand delivered to the customer during the 15-minute period of maximum use during the month? Supported by the laws and regulations of the USA and Kentucky.

How did the power factor measure? The formula of adjusted maximum KW load for billing purposes = $\frac{\text{maximum power KW load measured} \times 90\%}{\text{power factor (in percent)}}$ do not exist at all and never was

supported by the laws and regulations of the USA and Kentucky.

Without the explanation by the law and regulations of the USA and Kentucky, Louisville gas and electric company P.S.C. electric No. 15.1 have to be delete completely.

I spoke on the phone with Conroy and told him that is fraud, dishonest information, scam. Conroy and the other employee started to threat me to kill. I am affraid to call again to Louisville Gas and Electric Company.

7 Louisville gas and electric company P.S.C electric No. 13, original sheet NO. 30.3 requested Kentucky Public Service Commission to provide detail explanations how the company calculate interruption up to 95% of customer's load to facilitate company compliance with system contingencies and with electric industry performance criteria? Supported by the laws and regulations of the USA and Kentucky.

Before the employees of Louisville gas and electric company decided to do any electric works near the apartment complex or on the territory of the apartment complex, or in my apartment which I rent and live. Kentucky Public Service Commission has to provide the proof of higher education in electricity or associate education in electricity of the employees of Louisville gas and electric company. As well as proof of the birth certificates of the employees and the proof that employees of Louisville gas and electric company came to Kentucky legally by own, their personal cars through auto loans or a receipt of purchase a car at the whole price. As well as proof of the titles on their personal cars, proof of the car insurances and the registrations. Otherwise, Louisville gas and electric company employees drive stolen cars to work, during work hours and from work. And also the proof what addresses the employees of Louisville gas and electric company lived before.

Louisville gas and electric company employees and Vice President Robert M. Couray do not have no knowledge, skills in electricity at all. What electronic equipment and associated real-time metering, specifically, can notify customer five (5) minutes an electronically initiated interruption that will begin immediately thereafter and last no longer than 10 minutes nor shall the interruptions exceed twenty (20) per month.

I need the documentation of the need for interruption under this provision from the Company without the detail explanation by the law and regulations of the USA and Kentucky. Louisville gas and electric company P.S.C. electric No. 13, Original sheet No 30.3 have to be delete completely.

On Kentucky Utilities Company first revision of Original Sheet No. 45 requested Kentucky Public Service Commission to provide detail explanations. What is the advanced meter with a remote service switch as well as company having implemented the requisite systems functionality to enable such activity supported by the laws and regulations of the USA and Kentucky. What are the data meter pulses with pulse-generating equipment will be made to those data pulses?

Without the explanation by the law and regulations of the USA and Kentucky, Kentucky Utilities Company first revision of Original Sheet No. 45 have to be delete completely.

The test of a meter has to be performed pursuant to 807 KAR 5:041. Section 14 (1)(2)(3). Otherwise employees of Louisville gas and electric company and Kentucky Utilities company messed up the meter reader and electric equipments attached to my renting apartments.

Without the explanation by the law and regulations of the USA and Kentucky, Kentucky Utilities Company first revision of original sheet No. 45 and Louisville gas and electric company first revision of original sheet No. 45 have to be delete completely.

On Louisville gas and electric company P.S.C. electric No 13, original sheet No. 45.1 requested Kentucky Public Service Commission to provide detail explanations. What are the data meter pulses? What contract is associated with the data meter pulses? Without the explanation by the law and regulations of the USA and Kentucky, Louisville gas and electric company original sheet No. 45.1 have to be delete completely.

The employees of Louisville gas and electric company should be in the prison and sentenced to the death penalty. So far the employees of Louisville gas and electric company continue to mess up the meter reader and the electric equipment.

Louisville gas and electric company employees include Vice president Robert M. Conroy do not have no knowledge in the electricity at all.

What are the single-phase standard meters? Where to purchase the single-phase standard meters? How does the single-phase standard meter work and where it has been installed? I do not have the knowledge of none meters.

I can not even write or say that the single-phase standard meter use for the electricity. I do not know. I do not buy.

What are the single-phase Automatic Meter Reading (AMR) meters? Where to purchase the single-phase Automatic Meter Reading (AMR) meters? How does the single-phase standard meter work and where it has been installed? I do not know.

What are the single-phase Advanced Metering Infrastructure (AMI) meters? Where to purchase the single-phase advanced metering infrastructure (AMI) meters? How does the single-phase advanced metering infrastructure (AMI) meter work and where it has been installed? I do not know.

What are the three-phase meters? Where to purchase the three-phase meters? How does the three-phase meter work and where it has been installed? I do not know.

I am, the public and especially people with three years of the law school, the law school diploma and the lawyer licenses and experiences as judges have to know detail explanations. Without the explanation by the law and regulations of the USA and Kentucky, Louisville gas and electric company original sheet No. 45.1 have to be delete completely.

Canceling P.S.C. Electric No. 13, Third Revision of Original Sheet No. 5

Standard Rate

RS
Residential Service

APPLICABLE

In all territory served.

AVAILABILITY

Available for single-phase secondary delivery to single family residential service subject to the terms and conditions on Sheet No. 100 of this Tariff.

RATE

Basic Service Charge per day: \$0.45

Plus an Energy Charge per kWh:	Infrastructure	Variable	Total	
	\$0.06927	\$0.03677	\$0.10604	/I

"Variable" shall be the rate comprised of costs, such as fuel, that fluctuate with the production of energy used by customers.

"Infrastructure" shall be the rate comprised of costs associated with meeting system demand that do not fluctuate directly with energy usage as well as the portion of fixed customer-related expenses not recovered in the Basic Service Charge.

ADJUSTMENT CLAUSES

The bill amount computed at the charges specified above shall be increased or decreased in accordance with the following:

Demand-Side Management Cost Recovery Mechanism	Sheet No. 86
Fuel Adjustment Clause	Sheet No. 85
Off-System Sales Adjustment Clause	Sheet No. 88
Environmental Cost Recovery Surcharge	Sheet No. 87
Home Energy Assistance Program	Sheet No. 92
Franchise Fee	Sheet No. 90
School Tax	Sheet No. 91

MINIMUM CHARGE

The Basic Service Charge shall be the minimum charge.

DUE DATE OF BILL

Customer's payment will be due within sixteen (16) business days (no less than twenty-two (22) calendar days) from the date of the bill.

DATE OF ISSUE: May 24, 2024

DATE EFFECTIVE: With Service Rendered
On and After June 1, 2024

General Service

DETERMINATION OF MAXIMUM LOAD

If Company determines based on Customer's usage history that Customer may be exceeding the maximum load permitted under Rate GS, Company may, at its discretion, equip Customer with a meter capable of measuring demand to determine Customer's continuing eligibility for Rate GS. If Customer is equipped with a demand-measuring meter, Customer's load will be measured and will be the average kW demand delivered to Customer during the 15-minute period of maximum use during the month.

MINIMUM CHARGE

The Basic Service Charge shall be the Minimum Charge.

DUE DATE OF BILL

Customer's payment will be due within sixteen (16) business days (no less than twenty-two (22) calendar days) from the date of the bill.

LATE PAYMENT CHARGE

If full payment is not received by the due date of the bill, a 3% late payment charge will be assessed on the current month's charges.

Beginning July 1, 2021, General Service Customers in good standing by not having been assessed a Late Payment Charge for the previous eleven (11) months will automatically have one (1) late payment charge waived. This provision is only available once every 12 months as long as the Customer remains in good standing. N

ADJUSTMENT CLAUSES

The bill amount computed at the charges specified above shall be increased or decreased in accordance with the following:

Demand-Side Management Cost Recovery Mechanism	Sheet No. 86
Fuel Adjustment Clause	Sheet No. 85
Off-System Sales Adjustment Clause	Sheet No. 88
Environmental Cost Recovery Surcharge	Sheet No. 87
Franchise Fee	Sheet No. 90
School Tax	Sheet No. 91

D

DETERMINATION OF MAXIMUM LOAD

The load will be measured and will be the average kW demand delivered to the Customer during the 15-minute period of maximum use during the month.

Company reserves the right to place a kVA meter and base the billing demand on the measured kVA. The charge will be computed on the measured kVA times ninety (90) percent of the applicable kW charge.

In lieu of placing a kVA meter, Company may adjust the measured maximum load for billing purposes when the power factor is less than ninety (90) percent in accordance with the following formula: (based on power factor measured at the time of maximum load)

$$\text{Adjusted Maximum kW Load for Billing Purposes} = \frac{\text{Maximum kW Load Measured} \times 90\%}{\text{Power Factor (in Percent)}}$$

DUE DATE OF BILL

Customer's payment will be due within sixteen (16) business days (no less than twenty-two (22) calendar days) from the date of the bill.

LATE PAYMENT CHARGE

If full payment is not received by the due date of the bill, a 1% late payment charge will be assessed on the current month's charges.

Beginning July 1, 2021, Power Service Customers in good standing by not having been assessed a Late Payment Charge for the previous eleven (11) months will automatically have one (1) late payment charge waived. This provision is only available once every 12 months as long as the Customer remains in good standing.

TERM OF CONTRACT

Contracts under this rate may be required for an initial term of one (1) year, remaining in effect from month to month thereafter until terminated by notice of either party to the other.

SYSTEM CONTINGENCIES AND INDUSTRY SYSTEM PERFORMANCE CRITERIA

Company reserves the right to interrupt up to 95% of Customer's load to facilitate Company compliance with system contingencies and with electric industry performance criteria. Customer shall permit Company to install electronic equipment and associated real-time metering to permit Company interruption of Customer's load. Such equipment will immediately notify Customer five (5) minutes before an electronically initiated interruption that will begin immediately thereafter and last no longer than ten (10) minutes nor shall the interruptions exceed twenty (20) per month. Such interruptions will not be accumulated nor credited against annual hours, if any, under either Rider CSR-1 or CSR-2. Company's right to interrupt under this provision is restricted to responses to unplanned outage or de-rates of LG&E and KU Energy LLC System ("LKE System") owned or purchased generation or when Automatic Reserve Sharing is invoked. LKE System, as used herein, shall consist of LG&E and KU. At Customer's request, Company shall provide documentation of the need for interruption under this provision within sixty (60) days of the end of the applicable billing period.

LIABILITY

In no event shall Company have any liability to Customer or any other party affected by the electrical service to Customer for any consequential, indirect, incidental, special, or punitive damages, and such limitation of liability shall apply regardless of claim or theory. In addition, to the extent that Company acts within its rights as set forth herein and/or any applicable law or regulation, Company shall have no liability of any kind to Customer or any other party. In the event that the Customer's use of Company's service causes damage to Company's property or injuries to persons, the Customer shall be responsible for such damage or injury and shall indemnify, defend, and hold Company harmless from any and all suits, claims, losses, and expenses associated therewith.

Canceling P.S.C. Electric No. 13, First Revision of Original Sheet No. 45

Standard Rate

Special Charges

The following charges will be applied uniformly throughout Company's service territory. Each charge, as approved by the Public Service Commission, reflects only that revenue required to cover associated expenses.

RETURNED PAYMENT CHARGE

In those instances where a Customer renders payment to Company which is not honored upon deposit by Company, the Customer will be charged \$3.70 to cover the additional processing costs.

METER TEST CHARGE

Where the test of a meter is performed during normal working hours upon the written request of a Customer, pursuant to 807 KAR 5:006, Section 19, and the results show the meter is within the limits allowed by 807 KAR 5:041, Section 17(1), the Customer will be charged \$79.00 to cover the test and transportation costs.

DISCONNECT/RECONNECT SERVICE CHARGE

A charge of \$32.00 will be made to cover disconnection and reconnection of electric service when the Customer has no "remote disconnection and reconnection" capability as defined below and is discontinued for non-payment of bills or for violation of Company's Terms and Conditions, such charge to be made before reconnection occurs. "Remote disconnection and reconnection" is defined as Customer having an advanced meter with a remote service switch as well as Company having implemented the requisite systems functionality to enable such activity. Customers who have meters capable of "remote disconnection and reconnection" will not be charged a disconnect/reconnect service charge. If both gas and electric services are reconnected at the same time, the total charge for restoration of both services shall be \$32.00. No charge will be made for Customers qualifying for service reconnection pursuant to 807 KAR 5:006, Section 16. Winter Hardship Reconnection.

Residential and general service Customers may request and be granted temporary suspension of electric service. In the event of such temporary suspension, Company will make a charge of \$32.00 to cover disconnection and reconnection of electric service, such charge to be made before reconnection occurs. Customers who have meters capable of "remote disconnection and reconnection" will not be charged a disconnect/reconnect service charge.

D

METER PULSE CHARGE

Where a Customer desires and Company is willing to provide data meter pulses, a charge of \$21.00 per month per installed set of pulse-generating equipment will be made to those data pulses. Time pulses will not be supplied.

UNAUTHORIZED CONNECTION CHARGE

When Company determines that Customer has tampered with a meter, reconnected service without authorization from Company that previously had been disconnected by Company, or connected service without authorization from Company, then the following charges shall be assessed for each instance of such tampering or unauthorized reconnection or connection of service: T

1. A charge of \$49.00 for tampering or an unauthorized connection or reconnection that does not require the replacement of the meter; R
2. A charge of \$70.00 for tampering or an unauthorized connection or reconnection that requires the replacement of a single-phase standard meter; R
3. A charge of \$91.00 for tampering or an unauthorized connection or reconnection that requires the replacement of a single-phase Automatic Meter Reading (AMR) meter; R
4. A charge of \$153.00 for tampering or an unauthorized connection or reconnection that requires the replacement of a single-phase Advanced Metering Infrastructure (AMI) meter, or T
5. A charge of \$159.00 for tampering or an unauthorized connection or reconnection that requires the replacement of a three-phase meter. R

Company may, in its sole discretion, require Customer to take service using a non-AMI meter and pay AMI Opt Out Charges (see Sheet No. 45.2) if Customer engages in particularly dangerous or repeated instances of tampering with an AMI meter. If there are no additional instances of tampering after twelve (12) months of having an AMI meter removed, Customer may request to have an AMI meter reinstalled and end AMI Opt Out Charges. N
