**Subject:** Solar in Barren County

I am against the Wood Duck Solar project in Barren County.

1. I moved to Barren County because I wanted live in a rural setting. Not in a place surrounded by solar panels. Warren County pushed development around my small farm. Therefore I left the county. If you want me to leave Barren County also, just put in the Solar Panels.
2. This was thrust on residents suddenly and without any warning or choice on our part.
3. I received two letters through certified mail about public meetings. These meeting dates were held weeks before I even received the letters.
4. I do not trust any company that operates like this. In my opinion they are doing things to show their interest in the community while they really just want to jump through hoops to add void legal trouble and present themselves in a favorable light.

Thank you for your time (if you actually take the time to read this).
