State the nature of your concern: Cumberland Valley Cooperative in Gray Ky recently requested a rate increase on their customers. They just had a rate increase not long ago. Residents are struggling to keep up with feeding their families during this time, without having to worry about how they are going to keep paying very expensive utility bills. Recently, my electric bill with RECC was \$972 and there was no reason as to why my bill increased almost \$500 from one month to the next. I contacted RECC and discussed my concern and the following month my bill reduced by \$500. This seems to be an ongoing issue at the same time every year when Liheap becomes available to consumers. I am pleading to please not approve a rate increase on RECC customers. We are struggling as things are now. Thanks for your time.

Have you contacted the utility about the problem: Yes
