PUBLIC SERVICE
COMMISSION

Dear Members of the Siting Board:

I am requesting a local public hearing before the Kentucky Siting Board to be held in Muhlenberg County before permission is granted for Lost City Solar, a 250 megawatt to develop, construct, own and a 250-megawatt solar project approximately 0.4 miles east of Penrod and 1.25 miles northeast of Dunmor in Muhlenberg County. Case # 2024-00406

My wife and I are property owners whose land will border this project. This project will sabotage our property values and destroy the natural environment.

Danny Mitchell
