Subject: Comments on case 2025-00045

Dear Commissioners,

I am strongly opposed to LG&E/KU's plan to build new power plants to support data centers in Kentucky. LG&E/KU should be focused on providing low-cost, reliable service to consumers and transitioning to renewable energy sources. Expanding power-generating capacity for data centers is wasteful and will only enrich LG&E/KU and out-of-state tech companies. I do not wish to subsidize new fossil fuel plants for a technology that has not proven its value to society and will only benefit out-of-state corporations.

Thank you for allowing me to comment on this important issue.

Daniel Vivian
