

To. Whom it may concern:

I am writing to you in reference to the increase of the Kentucky Utilities Company that covers Kentucky. I can understand the increase but at this time I can't see to raise the rates due to the increase of everyone's home + car + property taxes going up and someone like me on a fixed income - and no increase in our retirement or Social Security it is so hard for us to make ends meet - along with the groc. and medical going up. We the ones on fixed income and at your mercy, I felt like I was middle class in living but now days it's not even that. It's just something all the times. So Please help us out. If its a increase Please try and keep it as low as you can. I don't mind paying my part but I feel as if I'm paying for everyone else. Thank You for your time and please think hard on it.
