

Case # 2025-00113

To Rates Department

I'm not sure I exactly what to say, just in to you & I'm receiving 1400.00 mthly for disability on oxygen & have 7 kids.

The judge gave me full custody of 5 of them & mine sister died & I got her two she was keeping. I just know I don't get any other income no [redacted] support only thing I get is 1142.00 food stamps and it takes every single one to get by. If you raise my electric I don't know if we will survive. Please consider all this as you go on with this.
