I appose the rate increase sought by Kentucky Utilities Co. This is hard time for everyone and budgetary measures need to be sought and cut expenses. Everybody will see the increase and more prices and cost will go up.

I am 75 and a senior citizen and paying bills for food and higher taxes is very difficult living on retirement, that is Social Security. I have tightened my monthly budget and with inflation climbing so high, I am having to do without in some things.

Kentucky Utilities needs review their budget and cut cost in certain areas. This includes salaries and perks.

I appreciate the Public Service Commission to review and to reject the increase because it is putting a burden and hardship on senior citizens. That Kentucky Utilities needs to review their spending a cut cost where they can and be more responsible and not go to the public every time they need money. The public doesn't have it to

give away!

I have been a loyal customer for over 55 years and have seen many increases and this has become my first time to reject and refuse Kentucky Utilities request for a rate increase. This time I must say NO!

Sincerely Yours,

James D. Witt, jr
