Comments:

I'm not agreeing with proposal of rate increase. We are on fixed income, the economy is not good. If you raise your rates and I'm barely able to pay my bills now, and barely able to buy groceries how will I be able to pay you? You can give yourselves a pay raise(which I really do understand) but I can't give myself a pay raise. Groceries, restaurants, retail stores are all raising prices due to economy but I can't raise my pay. We all have energy efficient appliances, yet I have never seen my rates decrease, so energy efficient is a falsehood. How about you leave the rates alone and you learn to live with less \$. I don't want to be a hand out! But I'm getting close to becoming one. Our retirement can only go so far and are savings are depleted due to my husbands cancer issues. Once again I can't vote to give myself a raise!
