Case # 2025-00114

Dear Commission:

I just received the notice of the
of the dramatic increase in electric
rates of 8.3% + gas increase of 14.0%
by LG&E.

These are ridiculously high.
increase when the inflation rate
is only 2%. I'm 86y.o & have a
totally disabled son. Exorbitant
increases are a burden on the
old & disabled.

I am protesting the increase
part of your job is to protect & not
enrich utility companies

Terry H. Davis
