Subject: Lg&e price increase request

I'm feeling very powerless over my ability to make my paycheck cover everything as it is. Can we please please please not give them a rate increase. Did you know that they still charge you monthly in the summer if you don't use any gas. Unless you get it turned off and they charge you for that. We are stuck with them. They have no competition. The rate increase is high. I'm barely scraping by. I get the same excuses everywhere: work- no raises economy bad, grocery- prices high- economy bad, utilities- we need more money.

I feel I work just to pay bills more and more. It's very frustrating. I make too much for their programs but barely enough to pay their bills!

Please deny their request or at least don't let them raise it that much. Work isn't giving cost of living raises anymore (ask anyone) so we are all working with the same amount of money but having to pay more for everything everywhere.

Thank you,

Chell Sorricelli
