Hello,

I am writing in regards to KU and LG&E proposal for an 11.5% rate hike. I think I speak for

most if not all consumers in Kentucky that I have ZERO interest or additional finances to waste on what is likely an arbitrary and greed-based hike in our utilities bill. The fact that this is likely in coordination with the building of AI data centers makes the whole proposal even more frustrating. Please take my input under serious consideration as I'm sure MANY Kentuckians feel exactly the same.

To the Kentucky Public Service Commission,

Regarding the KU/LG&E 11.5% rate hike:

My rates have already increased 3 times in the last 3 years!

I am on a fixed income (social security) and the recent hikes have disrupted my limited budget.

The rate has increased from \$187 to \$250. Not taking into account that all of the utilities have also increased.

And now they want another increased of 11.5% ?!!
I VOTE NO!
