PUBLIC SERVICE
COMMISSION

Dear Sirs,

IN Response to the Proposed Project
Bannelhead Solar Project.

1. we feel it unnecessary for this small community.
2. The power source will not be used in our area.
3. will just be a soar eye to our community
4. Transmission Line will be a target for storms, lightning, snow, ice.
5. I personally will not support it in any way.

Sincerely
Richard Maran
