Subject: Case No. 2025-00257 Kentucky Power

[REDACTED]

I am Dorothy Whitehead and I live at [REDACTED], Wurtland, KY 41144. I'm writing to ask you to please deny Kentucky Power's request to raise our rate 14.99%. I suppose they think 14.99% is more palatable than 15%. It just seems that much more dishonest and despicable of them to use the same ploy used by opportunistic salesmen. I don't think they should be allowed any increase. My bill went up in July this year because of another charge they've added. They always have an excuse as to why they need more money. I think the PSC needs to thoroughly investigate KY Power and see why they need to keep asking for more money. The Fayette County Public School System and the Jefferson County Public School System are being examined because of their mismanagement of public funds. Why isn't Kentucky Power being examined? I think a forensic audit should be performed and a light shined on what they are spending our money on.

Additionally, I think there needs to be limits placed on how often they can request these rate increases. They asked for and received (albeit not as much as they requested) an increase in 2024 and added a charge to our bills in July this year. They are killing us with these increases and charges. Electricity is a necessity not a luxury.

Yours truly,
Dorothy Whitehead
