Subject: Case #2025-00257

Dear reader, I am emailing about the possible rate increase of utilities In Vanceburg, KY. The rate of utilities already have low income families struggling and even medium income families too. During the winter months of 2024 and beginning of 2025, our utility bill got up to \$600. That was during Christmas time and my babies birthday. I have another baby on the way who is also going to be born Christmas time. I am dreading to see what my utility bill is going to be like this year. I have to keep my family warm so what else can I do? I just ask that low income families and working families are considered when making a decision this coming spring. I hope the right decision is made!

With regards,

Angelica Ward
