Comments:

Please do not raise rates. We can barely afford to eat and keep the heat on. We are on a fixed income, like so many others. Please find a way to manage the budget without raising rates. Nobody can afford a rate increase. Do you know anyone getting a raise if 14% did Social Security go up enough to keep up with inflation? I don't think so. We aren't poor enough to get assistance but we sure aren't able to afford things these days.

Everyday I worry if my family is going to be able to continue paying for power while keeping food on the table.
