I am tired of paying the highest electric bills in the State. The PSC is here to protect the public from abuse and unfair rate increases. \$2.9 billion in profit for AEP should be evidence enough that this is price gouging by an unchecked monopoly. Key word is OVERSIGHT.

Sincerely,

[REDACTED]

[REDACTED]

I am urging the committee to deny the rate increase AEP. Our people are already struggling to survive in this county without being asked to add to the 2 billion profit that AEP saw last year.

To whom ever can help:

My name is Tracey Mullins, I live st [REDACTED] in Hazard, Ky.
I'm very concerned with AEP being able to just do and price whatever they want. PLZ HELP US! We are the everyday people trying to survive here amongst a monopoly company. We can't even get our heads above water when it's time to pay our electric bills.

HB500 hurts everyday people. And the PSC needs to deny any rate increase to Kentucky

Power Co. We are tired of paying the highest electric bills in Ky and even higher than our neighboring states!!! The PSC is supposed to be in place to protect the public from abuse and unfair rate Increases, Plz do ur job!!! 2.9 billion dollars In profit for AEP should be evidence enough that this is price gouging by an unchecked monopoly.

I look forward to a reply,

Tracey Mullins

Subject: Letcher County Power Rates

It is my understanding that the PSC was created to protect the public from price gouging and to assure that we are treated fairly. This is currently not the case. We are being overcharged and pay some of the highest electricity bills in the state if not the country. I'm tired of stressing and worrying about my power bill. We need representation and for you to say NO to a rate hike. AEP/Kentucky Power should be replaced or at least we should have another option to choose from. Thank you for putting the people of Letcher County first . I sure hope you don't let us down.
