Comments:

Is there anything that can be done about their rate increases? Were one of the poorest states in the country, especially my side of things (SEKY), and the recent astronomical increase in everyones bills here is a significant financial burden that we the people shouldnt bear JUST SO they can pay their CEO more than any other and wreck our beautiful state with fucking AI data centers which will ultimately be nothing more than a tool for the continual and constant monitoring of citizens, creating the surveillance state that fascists have long fantasized about. We been protesting against the ones they intend to build as well as letting our city of Pikeville know that the trade off of temp construction jobs and 100 jobs or less is in NO way worth the cost to our water supply AND electric rates. If I need to, I will be contacting the applicable federal regulatory agencies to complain as well because personally, Im DONE with their bullshit exploitation.
