**RE: Case No. 2025-00259 – Investigation into the Potential Expansion or Replacement
of the Bullock Pen Water District Water Treatment Plant**

Dear Commissioners,

I am writing this letter to implore the powers that be to refrain from altering Bullock Pen Lake in any way. My name is Jeanne Goetz Kennedy, and I live at 958 Catlett Drive, Crittenden, Ky 41030. This idyllic lake has afforded me perpetual serenity; I rue the notion of it being disrupted in any way.

The dehydration of this lake would cause many adverse effects; the wildlife here is phenomenal; the lake affords many species to habitats. The lake is what drew me here; even if someone offered me twice what this property is worth, I would deny it. But if the water level were to dissipate, I would not hesitate to move. This lake embodies peace.

I know progress is inevitable, but progress can be done in a gentle manner. All avenues should be explored; nature is tranquility!

Sincerely,

Jeanne Goetz Kennedy

958 Catlett Drive, Crittenden, Ky 41030
