Comments: We the people who reside in this community can not afford another rate increase by Ky Power. Not long ago you approved a rate increase in favor of Ky Power against our objections. Ky Power cites loss of population as affecting their need but their predatory policies are a major reason why so many people leave this community to live where utilities are affordable. Their profit margin alone speaks for itself. You cannot allow a company that is profiting billions of dollars a year to prey upon people that already choose between electric and food or medicine. With electricity hikes that far exceed \$1000/month bills for tax paying citizens in this community, we simply cannot afford to pay more. We can't afford 1% much less 15%. I
