Comments:

The hearings on Mountain Water should be held closer to Pike County. It is a financial burden on people to travel attend a meeting and travel home in one day.

Comments:

I understand there will be a hearing in the rate increase case for Pike County Mountain Water District. We are very concerned that our residents can't continue to pay increases without serious audits and reviews of the financials of Mountain Water. Many of us are elderly and retired and can't pay a large increase such as 22 to 24 percent. As you know AEP is asking for an increase also. We are heavily taxed already in Pike County as many counties are in Kentucky. There needs to be more accountability that our water district is properly managed which I know is out of your scope. Please consider having hearing closer to Pike County if you really want the input from our residents. Thank you for your consideration.
