Comments:
To Whom It May Concern:

As a customer of Green River Valley Water District living in the area impacted, I am writing to express my strongest support for this case and request that the Public Service Commission approve this transfer.

For years, residents have dealt with substandard water quality and poor service. This transfer means a positive step in the right direction for our community. In the short amount of time since coming under Green River Valley management, the improvement in service level and water quality has been outstanding.

In addition, Green River Valley Water District management has been communicative and accessible to residents with questions. They also have an established presence in our community.

I believe this transfer is in the best interests of our residents and community. I appreciate the Commissions consideration of this matter.

Sincerely,
Caralyne Pennington
