Comments:

Just a reminder email to ask you to please approve the sale of our water service from Edmonson Water District to the Grayson County Water District. We don't have to worry about not having water or the quality of the water since we began service by Grayson County. The Edmonson system was not designed to have as many customers as it tried to serve. We were without water for days at a time. And it was cloudy and nasty looking. I do not want to be placed back on the Edmonson system-EVER!
