We are writing to you in regard to the letter we received from Navitas utility Corp informing us of the rate change hike they are proposing to put on Natural Gas.

We are asking you to intervene and do not allow this rate hike. It will be a real hardship on many families in Ky. It will especially hard on fixed income families. The chart they sent looks like an 88% increase in phase I, which I think is excessive.

Please consider the families that are trying to get through the winters on so little. Thank you
