### Comments:

The cost for sewer is presently \$78.52 and they want to raise it 46.6%. This is outrageous! Water and sewer together in nearby houses do not come up to \$78. The community that I live in have very small homes and their one level. I feel like we are being taken advantage of because we have no other choice.

### Comments:

We cannot afford another price hike. \$114 a month is insane. What we pay now is insane, and you want to raise it 46%?!?

### Comments:

I am writing in response to the Bluegrass Water Utility Operating Company's request to raise rates for my water service. My husband and I are retired and on a limited income. Increasing the rate as they have requested will significantly affect me and my husband. The proposed increase to \$106.12 is unreasonable and should not be allowed. There are many other people in the neighborhood that are retired or widowed and have limited incomes.

Please deny Bluegrass Water's request to raise their rates.

## Re: Bluegrass Water Rate Increase

Dear PSC,

I am the owner of 5680 Cutters Trace Melbourne Ky, and I am currently paying \$60.00 per month for wastewater. Bluegrass Water is asking for a 90% rate increase for this service which will raise it to \$114.00 per month, this is a huge increase, and I am requesting some intervention from PSC in this matter.
