### Comments:

This rate increase is not in the best interest of any Bluegrass Customer seeing as how we all pay a flat rate across the board? How is that fair? Do you know that because of Bluegrass Water people cannot sell their homes here? Thats right, its affecting all of us in a negative way on different levels. Do you think anyone is going to buy my house when I tell them they might as well add 114 to the house payment? This company has found a loophole to keep price gouging their customers when 1- absolutely NO work has been done in Airview and not only airview but damn near all of the systems they operate. Whats really going on? And 2-they pay themselves OUTRAGEOUS salaries. Mr. Cox pays himself almost 400k while we are getting no service of any kind except billing. Those are the facts. If this rate increase goes through this will literally be taking food off of peoples tables while he and his staff sit nice and fat... how do you think WE feel about this? What department investigates the PSC because the ones who were in 2020 threw us to the wolves.
