PUBLIC SERVICE
COMMISSION

Kentucky Public Service Commission

P. O. 615

Frankfort, KY 40602-0615

Dear Sir or Madam:

The Bluegrass Water UOC began wastewater service to our community on May 1, 2020 with a rate of \$58.16 per month. Very soon we received increases to \$85.97; then \$91.52; then down to \$77.77 per month.

Now they are requesting from KY PSC an increase to \$114.00 per month.

This Company provides wastewater services to 7,000 Kentucky homes as per their website. At a rate of \$114. per month, that's a forecasted income of \$798,000 per month.

The Company's initial investment was \$5,000,000.

I am requesting that the KY PSC carefully examine the claims and requests of this Company and consider all the KY families whose monthly expenses are already more than affordable.

Sincerely,

Kathy Mills Wilson
