Comments:

Deeply concerned the increased rates and their significant impact on the ability of our Scott County manufacturing partners at Triport to explore expansions and new clients who see these rates as exorbitant which means potential companies will look elsewhere. Especially if ALL companies benchmark the past history of rate increases without any complimentary improvement at the package treatment plant let alone what this will mean to residential residents in the affected areas. NOT how to grow an economy.

It's 8:05 Saturday morning, we do not have WATER, this is the second time this week this has happened. I'm asking you to deny the rate increase Bluegrass water is asking for. I ask you again, please show me where they have spent millions on this water system, we are paying an insane amount now. Thank you.

Bluegrass Water rate increase Case# 2025-00354. I'm writing you to respectfully ask you to deny the water increase for Bluegrass Water, we are paying an insane amount now, \$77.63 a month. People on fixed incomes are having a hard enough time paying this now. I've called several cities around our area and discussed this with them and when I tell them what we are paying, the first thing out of their mouth is WOW. I called a woman in Frankfort, Ky. Monday that worked for the utilities there she told me her personal water bill for using 7000 gallons for last month was \$40.00. I ask you respectfully to please deny the Bluegrass Water rate increase, thank you. David Sparks, New Concord, Ky. [REDACTED].
