### BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF LOUISVILLE GAS AND ELECTRIC COMPANY FOR AN ADJUSTMENT OF ITS ELECTRIC AND GAS RATES AND APPROVAL OF CERTAIN REGULATORY AND ACCOUNTING TREATMENTS

CASE NO. 2025-00114

# <u>order</u>

On May 30, 2025, Louisville Gas & Electric Company (LG&E) filed its application for an adjustment of its electric rates and approval of certain regulatory and accounting treatments.<sup>1</sup> Concurrent with its application, LG&E filed a motion requesting permission to deviate from 807 KAR 5:001, Section 8 related to the submission of an attachment to Mr. Charles Schram's direct testimony, titled Exhibit CRS-7 (Exhibit CRS-7).<sup>2</sup> The attachment is an approximate "7 GB zip file that consists of compressed workpapers"<sup>3</sup> which exceeds the Commission's 50 MB per file e-filing limit. For the reasons explained below, and being otherwise sufficiently advised, the Commission grants LG&E's motion to deviate.

### LEGAL STANDARD

Pursuant to 807 KAR 5:001, Section 22, the Commission may, at its discretion, allow deviation from the filing requirements in 807 KAR 5:001 upon a showing of good

cause. Commission regulation 807 KAR 5:001, Section 8 and Case No. 2020-00085<sup>4</sup> require parties to cases such as this proceeding to electronically upload all filings to the Commission's electronic filing system.

In Case No. 2022-00311,<sup>5</sup> the Commission authorized deviations from certain electronic file format and size regulations pending the amendment of the relevant regulations. The Commission established standards that accepted for electronic filing zip files for certain file formats greater than 50 MB that cannot be submitted in multiple uploading sessions. In that case, the Commission encouraged filers to contact the Commission's Filings Branch Staff for assistance before tendering a motion to deviate from filing format and size requirements.

Finally, KRS 278.100 also requires the Commission's Executive Director to "maintain[] the official records of commission proceedings[.]"

#### LG&E's MOTION TO DEVIATE

As previously stated, Exhibit CRS-7 is a large zip file containing compressed workpapers relevant to Mr. Schram's direct testimony. LG&E stated that those workpapers "are organized in folder structures that are vital to their usefulness and comprehensibility, which necessitates filing them in their entirety rather than as individual files."<sup>6</sup> Consistent with the Commission's Order in Case No. 2022-00311, LG&E contacted Commission Staff for guidance and who recommended the use of a thumb

drive. Additionally, LG&E's motion also proposed hosting a copy of Exhibit CRS-7 on its counsel's file sharing workspace that is used to provide access to confidential information to intervening parties.<sup>7</sup>

### **DISCUSSION AND FINDINGS**

Having reviewed the record, and being otherwise sufficiently advised, the Commission finds that LG&E has established good cause to deviate from the filing requirements in 807 KAR 5:001, Section 8 with regards to Exhibit CRS-7. LG&E contacted Commission Staff prior to filing the application and this motion for deviation requesting guidance. Moreover, by submitting Exhibit CRS-7 as a thumb drive, the Executive Director is enabled to maintain Commission records in accordance with KRS 278.100. However, regarding LG&E's proposal to host the file on its shared workspace, while the Commission does not object to LG&E doing so, LG&E must also make available an identical thumb drive copy of its official submission to the Commission to all intervening parties which request it.

Finally, the Commission continues to caution LG&E and all interested parties, that a thumb drive may not always be the appropriate remedy for deviations of this nature. Therefore, the best practice remains for parties to contact the Commission Filings Branch Staff for assistance with electronic filing concerns.

# IT IS THEREFORE ORDERED that:

1. LG&E's motion requesting deviation from 807 KAR 5:001, Section 8 is granted.

<sup>&</sup>lt;sup>7</sup> Motion to Deviate at 2-3.

2. LG&E is instructed to provide a copy of the subject material to the Commission on a physical thumb drive.

3. LG&E is instructed to provide a copy of the subject material on a physical thumb drive to all intervening parties which request it and to maintain electronic access of the subject materials for all intervening parties during the pendency of this matter.
