East Kentucky Power Cooperative, Inc. (EKPC), or its member cooperatives, pursuant to 807 KAR 5:001, shall file with the Commission an electronic version of the following information. The information requested is due on December 12, 2025. The Commission directs EKPC to the Commission's July 22, 2021 Order in Case No. 2020-00085¹ regarding filings with the Commission. Electronic documents shall be in portable document format (PDF), shall be searchable, and shall be appropriately bookmarked.

governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

EKPC and the member Cooperatives shall make timely amendment to any prior response if EKPC or the member Cooperatives obtain information that indicates the response was incorrect or incomplete when made or, though correct or complete when made, is now incorrect or incomplete in any material respect.

For any request to which EKPC and the member Cooperatives fail or refuse to furnish all or part of the requested information, EKPC and the member Cooperatives shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

1. This question is addressed to the Licking Valley Rural Electric Cooperative Corporation (Licking Valley RECC). Refer to Licking Valley RECC's response to Commission Staff's Second Request for Information (Staff's Second Request), Item 2.

Licking Valley RECC stated that the requested information (the calculation of over- or under-recovery amount) was provided in file PSC 1-7.xlsx. File PSC 1-7.xlsx does not provide the over- or under-recovery amount. It only has one tab which states the kWh Average Usage and the calculation of the Average Residential monthly bill. Submit new documentation that clearly states what the over- or under-recovery is for the review period, in the same manner as the other co-op submissions, matching to the value submitted by EKPC. If the recovery differs from the value submitted by EKPC, explain why.

2. This question is addressed to the Cumberland Valley Electric, Inc. (Cumberland Valley Electric). Refer to Cumberland Valley Electric's response to Staff's Second Request, Item 3.

a. The response is unresponsive. Cumberland Valley Electric stated that the requested information providing the calculation of over- or under-recovery amount was provided in files PSC 1-7.1.xlsx and PSC 1-7 Pass Through Mechanism.xlsx. File PSC 1-7.1.xlsx does not state what the over- or under-recovery is, it only has one tab which states the Average Monthly Residential usage, the calculation of the total bill amount, and the dollar impact. File PSC 1-7 Pass Through Mechanism.xlsx also does not clearly state what the over- or under- recovery is for the requested review period. In the Recovery tab at column 9 labeled Amortization of (Over) / Under Recovery at highlighted row Mar-25, there is a value of \$73,830. The value \$73,830 does not match the value submitted by EKPC, which is a (\$442,980) over-recovery. Clarify whether Cumberland Valley Electric intends for the under-recovery to be \$73,830 for the review period.

b. If the under-recovery is not \$73,830, submit new clear presentation of Cumberland Valley Electric's over- or under-recovery amount in the same manner as the other member cooperative's submissions.
