I opened my KU bill and I see a notice explaining they have requested a rate increase. The notice says any "commments" regarding this request can be directed to the Public Service Commission. We should all CONTACT the PSC about THIS KU RATE INCREASE!!! Here is address:

Public Service Commission

PO Box 615

Frankfort, KY. 40602

OR

Email: psc.info@ky.gov

You should include this reference case number: 2025-00113.

I do not have a money tree in my backyard! How do they think people can just continue paying more and more for everything ! We can't. It doesn't say exactly why they are requesting an increase but I'd like the utilities to be told no for once. The utilities also know, I think, to ask for more than they want because I don't think they always get the increase they request, thank goodness. But the PSC needs to hear from us. There is a time limit to be heard so get to it !

Thank you everyone.

Subject: Public Comment on KU Rate Increase Request – Case #2025-00113

To: psc.info@ky.gov

Dear Commissioners,

I am writing to voice my strong opposition to the requested rate increase by Kentucky Utilities, as referenced in Case #2025-00113.

This increase is both unnecessary and harmful to everyday Kentuckians who are already stretched thin by rising costs across the board. As a customer, I'm deeply concerned that utilities continue to seek more money despite already collecting significant revenue. Rather than passing more costs to the public, I believe KU should be held accountable for managing the substantial funds they already receive more efficiently.

Families, seniors, and working individuals do not have endless resources — we do not have “money trees” in our backyards. We are being asked to pay more for the same essential service, while wages remain flat and inflation continues to pressure household budgets.

Furthermore, it often feels as though utilities request higher increases knowing they may only receive part of what they ask for. This practice alone signals a lack of transparency and respect for the ratepayers.

Please consider the impact on your constituents. Say no to this rate increase and urge KU to operate within the means already available to them. Kentuckians need relief — not more burden

To whom it may concern,

KU's proposed rate changes in the above-referenced case (13.55% for residential services) are clearly excessive. I see no possible justification for that level of increase, and for a disproportionate amount of the burden to fall on residential customers.

I am completely opposed to the rate increases as proposed.

Thank you,

To: PSC Public Information Officer <[PSC.Info@ky.gov](#)>
Subject: Case # 2025-00113 Kentucky Utilities Rate Increase Proposal

Dear Public Service Commission,

We are writing to object to Kentucky Utilities' proposed and quite large 13.55% residential rate increase. KU's high increase will have a significant affect on our quality of life as retirees. We do not qualify for any kind of assistance. Over the years we have purchased the most energy efficient appliances and heat pump within our means, and follow KU's and others energy conservation suggestions. We don't need to be told to cut back or how to cut back. We do it to control our expenses.

We received our first notice of this proposed increase today (June 25), and its heading states that the application was made on May 30 for an increase to go into effect on July

1. The last sentence on the back page says that the Commission may take final action on this increase, "...with thirty (30 days) of initial publication or mailing of this notice." It appears that this proposed increase is intended to be rammed through and placed in effect immediately. It is reminiscent of the closure of all of KU's customer service offices to improve and streamline their customer service. This is the problem with public service monopolies that have total control over their customers. Please tell KU to come back to the table with a far more reasonable increase proposal.

Thank You,

Michael & Vicki Scheibel

Subject: KU Increase Case No. 2025-00113

Thanks for the opportunity to comment on this KU increase. The letter I received today, June 25th, from KU states new rates and charges are to become effective on and after

July 1, 2025.

As a longtime KU customer and KY taxpayer, I have a couple of questions:

1. Did we already receive notice of this application for increase, and I missed it? Or is this the latest letter and the only comment period? I am assuming that this is not yet approved.
2. The letter states that "The proposed rates and charges reflect a proposed annual increase in revenues of approximately 11.5 % to KU."

Interesting, since the very next graph shows a residential increase of 13.55% or a monthly bill increase of \$18.15 per household. So, the difference is?

While I understand that all prices go up, does this not seem to be a tad too high increase at this point in time? I mean, after all, I am personally awaiting the president's lower prices to take effect....

In the interim, I am still questioning out of state, out of country corporations owning our state and local companies and utilities.

Please advise.

I am on a fixed income as so many kentucky residents are. Fixed income means we don't get paycheck increases. Columbia gas recently got a big increase and now ku wants one. That increase will go for bonuses and big raises. Most of us are just trying to pay our bills and groceries. If k u wants \$2 or \$ 3 dollars but it will approximately \$15.00 a month on my bill. Please take into consideration what the average family is surviving on these days. If you grant the ku increase please make it a reasonable amount for customers. Thank you, patsy mckinney, [REDACTED] lexington ky.

Dear sirs

I would like to voice my disapproval of subject rate increase. I feel that with inflation now

easing the amount requested is not justifiable and surely should not be approved at this time. Maybe the request could be phased in over 3-4 years so as not to unduely burden the citizens of KY.

I don't understand why ku is trying to push off the cost of the smart meters on the customer especially now that they have eliminated thousands of meter reader and

meter tech jobs. I am a contract meter reader and a customer of KU they don't deserve an increase they wanted this mess let them take care of it themselves. The sad thing is I've been doing meter reading for over 6 years and ku has given not one person an opportunity to be a part of their company full time. Like I said they eliminated meter reader, meter tech, IT , call center jobs in the last year and even went as far to close down payment offices and they charge you to pay your bill with a card over the phone. They should more than enough extra money to cover basic infrastructure repairs and upgrades. And as for the Ami meters it was part of the psc deal that they would not push the costs of the upgrades on the customer that's why they got denied so many times this is just PPLs way of making more money things have went down hill since they finally was able to make changes in the last year or two. Please consider us as customers and unemployed ex ku people. We also should not be held accountable for things cause by natural disasters.

My Name is Sarah Cook. We have a family business, West Somerset Truck Parts [REDACTED]
[REDACTED] Somerset, Ky 42503. We also have some rental property in Somerset. In

The appts. we take care of the electric and we have tried to keep the rent down, but the electric has eat up all the profits. We are in an aging community where only an increase of 1% is hard for many.

We have had trouble with KU for many Months with delays in getting credits for our checks and services, As in this case the letter was dated May 30th and we only received it today (June 24th) giving till July 1st the increase will take effect. Our services are non-existent

Our local office was closed a year or so ago, If we have a problem with our bills we have to phone in and I have been put on hold for a very long time.

We have been customorers of KU for at least 50 years and I have not made complaints until now. I understand that everything is going up but I don't believe it is good for our community for this much of a raise in our electric bills. Please reconsider the increases and the timing.

Subject: Case No. 2025-00113

Dear Pubic Service Commission (PSC) representative(s) (:

Firstly, I'd like to extend my gratitude for reading this email and the consideration of my request.

I am somewhat new to Laurel County, but quickly found a new love and appreciation for the area after I bought my first home. Coming from the Clay area, I've traveled to Laurel county for various reasons, such as things to do, exploring stores/food that Clay doesn't, visiting the flea market and so on, but in that time I've quickly seen new things come to Laurel, in fact a lot of people come to Laurel for all sorts of opportunities.

Upon buying my house, I slowly started enjoying the convenience of how close everything is and even moved jobs that brought me even closer—from being a teacher in Clay county, to now serving as a teacher in Laurel. So, one could say that I have great ties to the Laurel County area.

Also with buying a house comes with paying bills. And of these bills I am to pay for electricity. Unlike many other services one may have for their home, electricity is one thing that runs most everything. Furthermore, there isn't much of a market or competitiveness among other similar companies; we have no choice but to have KU electricity.

In the mail, I had received my next month's bill (July) and in the back of the envelope (usually where the return envelope and other non-bill-related pages are located) a page that states an increase of 13.55% for residents. On the this page, it states that we have 30 days to contest their increase. I'd like to note that this page was seemingly placed to obscure or to be lost without being seen. Many of my friends and neighbors had no idea of this page. Further, I'd like to note that if this was meant to be sent out to give 30 day public notice, we frankly didn't have that many days. Upon further investigation on my part, I had called the PSC hotline, where I received this email address. In the page that was in the bill, it gave an entirely different email, which may seem to deter customers. Looking at the rates they list below, anyone who wasn't paying close attention might think the residential bill may increase in dollar amounts instead of a percentage—a huge difference mathematically (page listed below).

In my observation of competitive rates, some companies may cautiously raise by less than 1%, or even at 2%. To me, this seems to be an abuse of monopolization of utilities. It's not that simple to change from one electric company to the other for better rates. Some companies break their neck, so to speak, to bring these rates down. If anything, work to find greener solutions to the matter to better SERVE their customers.

To add to this, my area had recently went through an F4 tornado on May 17th, completely devastating to some families. I believe 20 individuals lost their life, while many others lost everything they had. From the teaching perspective, 40 educators and an upward number of students lost all or suffered severe damage, yet KU sends a change in rate of 13.55% increase for residents on May 30th—seemingly lacking care for some of the individuals they serve.

Moreover, KU also deploys tree cutters, of which I've had my own experience with. A tree whose limb was hugging the line, which led to the electrical service of several residents beyond me—to which I called numerous times and they said that it was my responsibility to have it cut, which was \$1500 (I had to paid in full by my income taxes). Another time, they had contacted me about a year ago about topping trees and just recently came out to do the job.

I urge you PSC to intervene on our behalf.

Again, thank you for your consideration:

Travis Combs—a proud Laurel County resident and teacher

**NOTICE TO CUSTOMERS OF
KENTUCKY UTILITIES COMPANY**

00313910

PLEASE TAKE NOTICE that, in a May 30, 2025 Application, Kentucky Utilities Company ("KU") is seeking approval by the Kentucky Public Service Commission of an adjustment of its rates and charges to become effective on and after July 1, 2025.

The proposed rates and charges reflect a proposed annual increase in revenues of approximately 11.5% to KU.

The estimated amount of the annual change and the average monthly bill to which the proposed electric rates and charges will apply for each electric rate class are as follows:

Electric Rate Class	Average Usage (kWh)	Annual \$ Increase	Annual % Increase	Monthly Bill \$ Increase	Monthly Bill % Increase
Residential	1,085	99,997,335	13.55	18.15	13.55
Residential Time-of-Day	1,245	23,833	13.05	18.53	13.05
General Service	1,657	25,335,181	9.21	24.41	9.22
General Time-of-Day	19,507	2,400	8.22	198.49	8.22
All Electric School	25,620	1,449,553	10.91	314.15	10.91
Power Service	30,651	17,655,788	9.15	349.93	9.15
Time-of-Day Secondary	189,538	17,929,669	10.87	1,846.64	10.87
Time-of-Day Primary	1,242,574	33,834,832	11.15	10,609.74	11.15
Retail Transmission	7,387,224	13,634,683	11.00	54,105.89	11.00
Extremely High Load Factor	New Rate Schedule				
Fluctuating Load Service	44,229,667	2,528,016	6.90	210,667.98	6.90
Outdoor Lights	51	3,624,095	11.37	1.67	11.40
Lighting Energy	2,473	42,734	11.14	21.99	11.14
Traffic Energy	146	26,391	10.58	1.91	10.60
Outdoor Sports Lighting	4,627	(37)	(0.04)	(0.52)	(0.04)
Rider - CSR	N/A	0	0.00	0.00	0.00

A detailed notice of all proposed revisions and a complete copy of the proposed tariffs containing the proposed text changes, terms and conditions and rates may be obtained by submitting a written request by e-mail to myaccount@lge-ku.com or by mail to Kentucky Utilities Company, ATTN: Rates Department, 2701 Eastpoint Parkway, Louisville, Kentucky, 40223, or by visiting KU's website at <https://www.lge-ku.com/ku-2025-rate-case>.

A person may examine KU's application at KU's office at One Quality Street, Lexington, Kentucky, 40507, and at KU's website at <https://www.lge-ku.com/ku-2025-rate-case>. A person may also examine this application at the Public Service Commission's offices located at 211 Sower Boulevard, Frankfort, Kentucky, Monday through Friday, 8:00 a.m. to 4:30 p.m. or may view and download the application through the Commission's Web site at <http://psc.ky.gov>.

Comments regarding the application may be submitted to the Public Service Commission by mail to Public Service Commission, Post Office Box 615, Frankfort,

Kentucky 40602, or by email to psc.info@ky.gov. All comments should reference Case No. 2025-00113.

The rates contained in this notice are the rates proposed by KU, but the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this notice. A person may submit a timely written request for intervention to the Public Service Commission, Post Office Box 615, Frankfort, Kentucky 40602 establishing the grounds for the request including the status and interest of the party. If the commission does not receive a written request for intervention within thirty (30) days of initial publication or mailing of this notice, the Commission may take final action on the application.
