**Subject:** We will go out of business

To the Kentucky Public Service Commission,  
I am writing as a client and business partner of Proof Consults (GDP LLC), which  
operates a high-intensity computing facility in Wickliffe, KY. My business operations  
are directly tied to the viability of this site.

The proposed transition to a 16¢/kWh blended rate under the new Time of Day Primary (TODP) restructuring would effectively terminate our business relationship. We rely on Kentucky's historically competitive energy landscape to maintain our operations. A 167% increase in power costs is not something that can be "managed"—it is a total shutdown event.

If GDP LLC is forced to close its doors due to these unsustainable rates, the economic impact will ripple outward to my company and the services we provide. I urge the Commission to reject the proposed demand charge restructuring and keep Kentucky competitive for the digital economy.

Respectfully,

Cameron Dunlap
