## Comments: Commissioners,

Will you please ask Bluegrass Water why they have had 3 sludge trucks running continuously for 5 days straight in Airview? This right here shows you that it has been totally neglected the entire time - since the last rate increase! You all need to do better this company is getting away with things that should be at the very least checked out or verified some how ....I REPEAT NOBODY HAS BEEN HERE TO DO ANYTHING SINCE THE LAST RATE INCREASE and it took 3 sludge trucks 5 days to do what? Why? Because it has been neglected completely,thats why. We do not even want this company because we can all see what is going on and they have no intentions of dumping any money into this system . Why should we even be paying these people? They provide no service what so ever. Just inflating their salaries and getting away with it knowing there will be no follow through and they can keep doing this to people. At the VERY LEAST they should be banned from acquiring any more systems anywhere. For real. If you allow this rate increase then you are doing a great disservice to many people. People who are struggling like they never have before. Please keep that in mind. We arent privileged and I have a very hard time paying a company full of frauds and liars who literally lied to aquire these systems to begin with. We didnt ask for them and we didnt ask for 114 sewer pymt. Either. We cant sell our homes because nobody is going to tack on an extra 100 a month....they shouldnt have the ability to affect wether or not we can sell our homes. We are getting screwed bigtime by them, dont make it by you too.
