Rosemary,

This is the same person that we talked about last time. This is just a little shack that mother is wanting to turn electric on for her son to live there. This was happening when COVID was also going on. Do you remember this? Attached is our previous discussion by email.

Thanks,

Lynn Marcum

Okay.

I have talked to the mother and another lady here in the office like I mentioned in the first email. The mother stated that it is a shack and that Chad Warner would be living there. The other lady would not give me her name as well. But she was the one that was not accepting that the old bill had to be paid.

What are you wanting me to do at this time?

Thanks,

June 2019 reported steeling. Chad connected after he got of jail in January 2020. March 2020 collector disconnect. March 2021 disconnect for non payment.

COVID was happening as well at this time. So, disconnect was not done until March 2021.

I have discussed with her in office and was not happy with having to pay old bill.

If this is from Haley Noel the girlfriend.. she has \$14 hundred and some bill that has not been paid as well.
