Comments:

I am concerned about the rising costs of electric and natural gas in the state of Kentucky. a 28% increase in just 5 years is obscene. Many families live in poverty in this state, food assistance, housing assistance, health care, Medicaid are all being cut along with rising food and gas at the pump costs. This is all unsustainable. We need to be mindful of the realities of these burdens on our poor and aged, Instead of soaking people for a resource that has become a necessity.
