RECEIVED

SEP 28 2026

PUBLIC SERVICE
COMMISSION

I am writing in oppose
to the water rate increase
of 13.14% of current monthly
bill.

This is in Breathitt Co.
(Jackson, Ky.).

We have had already
an increase in past year
and this increase will
def. be a hardship to
the people of this county
of Breathitt.

Rural areas have had
much difficult with rates
as it.

Please reject this proposed
increase. I pray you do.

Sincerely,

Judy Combs

A fixed income customer

Most people that had
well water before was
completely destroyed by the
floods. So we must rely
on county water.

Please, please, do not
increase.

We live in a rural
area out in country.

This would be a hardship
on our household.

Thank you.
