Subject: Case number 2026-00060

Expenses that Todd Adams presented to the courts to charge me with theft. I later had the charges dismissed and my record expunged. Then I was indicted directly afterwards on past water bills that I believed to be in a dispute. I had already agreed during the may 27th 2025 board meeting to pay . I have a video of them telling me I would have to pay 28 some dollars per month on a contract. I was not employed at the time but I did make a hundred dollar payment in May and 50 in July. The payments were made before any charges were brought against me.
