NOTICE OF FILING

Comes the Martin County Water District, by counsel, and hereby gives Notice of Filing of the attached letter from Kathy Fletcher Collins to the Martin County Water District dated June 14, 2026. Martin District files this document with the Commission in order to keep it fully informed in this matter. Martin District is unsure exactly what structures or damages Complainant is referencing. Martin District has not directly responded to Complainant since this matter is ongoing.

Over the years, Martin District has persistently tried to work with Ms. Collins to resolve this matter. Martin District is willing to disconnect service if granted permission to enter upon the subject property. Martin District has made efforts to locate the service line for her property in order to either install a meter or disconnect service but Martin District has been unable to locate the line off her property and she refuses to grant an easement allowing access to the property.

Respectfully submitted,

KINKEAD & STILZ, PLLC

RE: Unauthorized Structures and Water Lines on Property / Notice to Cure To Whom It May Concern,

I am writing to formally notify you that the Martin County Water District Alliance Company has installed water lines and structures on my property located at 3320 Blacklog Rd, Inez, KY, 41224, without my permission or a valid easement.

A review of my property records indicates that your company has no legal easement, lease, or permission to occupy this land. This encroachment constitutes a continuous trespass and restricts the full use and enjoyment of my property.

Please contact me within 14 business days of receiving this letter to coordinate a timeline for the prompt removal of the structure and the restoration of my land to its original condition. Failure to respond or take corrective action will compel me to pursue legal remedies, which may include seeking a court order for removal, damages, and legal fees.

Thank you for your prompt attention to this urgent matter.
Sincerely,
Kathleen Fletcher
