

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED GAS ADJUSTMENT	)	CASE NO.
FILING OF MILLENNIUM ENERGY, INC.	)	2026-00220

ORDER

On August 17, 2026, Millennium Energy, Inc. (Millennium) filed its proposed Gas Cost Recovery (GCR) rate report to be effective October 1, 2026. Millennium's previous GCR rate was approved in Case No. 2026-00126.¹

LEGAL STANDARD

The Commission's standard of review for GCR rates is well settled as stated in KRS 278.274(1):

In determining whether proposed natural gas utility rates are just and reasonable, the commission shall review the utility's gas purchasing practices. The commission may disallow any costs or rates which are deemed to result from imprudent purchasing practices on the part of the utility.

Further, the utility has the burden to prove the rates are just and reasonable and the Commission may reduce the purchased gas component of the utility's rates, or the rates charged by an affiliated company to the extent the amount is deemed to be unjust or unreasonable.²

² KRS 278.274(2); KRS 278.274(3)(c); and KRS 278.274(3)(d).

DISCUSSION

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that Millennium's report includes revised rates designed to pass on to its customers its expected change in gas costs. Millennium's report sets out an Expected Gas Cost (EGC) of \$2.8984 per Mcf, which is an increase of \$0.0903 per Mcf from its previous EGC of \$2.8081 per Mcf. Millennium's report sets out no supplier Refund Adjustment. Millennium's Report sets out a current quarter Actual Adjustment (AA) of (\$0.0967) per Mcf. Millennium's total AA is \$0.3103 per Mcf, which is an increase of \$0.0927 per Mcf from the previous total AA of \$0.2176 per Mcf. Millennium's report sets out a current quarter Balancing Adjustment (BA) of \$0.0082 per Mcf. Millennium's total BA is \$0.0166 per Mcf, which is an increase of \$0.0600 per Mcf from its previous total BA of (\$0.0434) per Mcf.

Based on the calculations above, the Commission finds that Millennium's GCR rate is \$3.2253 per Mcf, which is an increase of \$0.2430 per Mcf from its previous GCR rate of \$2.9823 per Mcf. The Commission finds that the inputs, resulting components and calculation of Millennium's proposed GCR rate of \$3.2253 per Mcf to be reasonable. The Commission further finds that the rates set forth in the Appendix to this Order are fair, just and reasonable and should be approved for service rendered by Millennium on or after October 1, 2026.

For the purpose of transparency and to maintain a record of information for future use, the Commission finds that Millennium shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports. Should Millennium purchase sustainable gas from a renewable source

during the reporting period of any future GCR reports, then the supplier, cost, and amount must be documented in its cover letter to the Commission.

IT IS THEREFORE ORDERED that:

1. The rates proposed by Millennium and set forth in the Appendix to this Order are approved for service rendered on and after October 1, 2026.

2. Millennium shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports.

3. Should Millennium purchase sustainable gas from a renewable source during the reporting period of any future GCR reports, then the supplier, cost, and amount shall be documented in its cover letter to the Commission.

4. Within 20 days of the date of service of this Order, Millennium shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the rates approved herein and reflecting that they were approved pursuant to this Order.

5. This case is closed and removed from the Commission's docket.

Entered on this 25th day of September, 2026.
