BEFORE THE KENTUCKY PUBLIC SERVICE COMMISSION

IN THE MATTER OF: LEMAR-NATHANIEL: COLLIER v. LOUISVILLE GAS & ELECTRIC CO.
PSC CASE NO. 2026-00304

NOTICE OF EMERGENCY INTERRUPTION OF MATERIAL CAPACITY AND INTERFERENCE WITH REGULATORY ADJUDICATION

COMES NOW the Complainant, Lemar-Nathaniel: Collier, appearing sui juris as the Secured Party and Chief Trustee for the private estate THE BLUE TOPAZ PRIVATE HOLDING TRUST, to place this Commission, the executive staff, and intervening corporate utility defendants on official administrative notice of a severe, emergency disruption to the Complainant's material capacity and the active layout of this regulatory proceeding, stating as follows:

1. THE SYSTEMIC TRESPASS EVENT: On October 26, 2026, a third-party financial institution, Class Act Federal Credit Union, operating through an aggressive asset recovery franchise ("On Call" Recovery Services), executed an unauthorized, non-judicial repossession of the Complainant's primary transportation vessel: a 2015 Chrysler 300S (VIN: [redacted]), anchored under public record UCC-1 File No. [redacted].

2. DIRECT INVOLVEMENT WITH UNDERLYING CASE METRICS: This physical seizure was executed while said vehicle vessel contained vital, unedited administrative file binders, certified mail tracking receipts, and physical evidentiary documentation linked directly to the ongoing database fraud tracking logs of this active Public Service Commission case.

3. RECONCILIATION WITH EMERGENCY MEDICAL NECESSITY: The Complainant places on the record that this vehicle vessel serves as his primary material transport link to sustain his health and safety parameters. As documented in the active dockets of this case, the Complainant is an [redacted] under a strict medical prescription for climate and environment control. The physical loss of this transit asset directly sabotages his capacity to safely obtain medical supplies, travel to clinical evaluations, and physically attend required regulatory and administrative hearings before this Commission.

4. RECORDING OF THE STANDSTILL PRESENTMENT: The Complainant has formally served both the principal lender and their recovery agent with an explicit Notice of Private Administrative Standstill and Cease & Desist Mandate, which is incorporated into this regulatory record as **Exhibit A**. The Commission is requested to note that this active, bad-faith commercial disruption by corporate actors directly interferes with the Complainant’s capacity to prosecute this multi-agency action.

All updates are finalized, entered, and locked into the master regulatory record.

Dated this 26th day of October, 2026.

With explicit reservation of all unalienable rights under UCC 1-308 and UCC 1-103,

By: Lemar-Nathaniel: Collier_____
