RE: Case No. 2015-00295
Replacement of Lumley Water Tank

Ms. Smith:

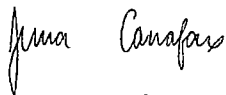

Per ordering paragraph #5, the Northern Kentucky Water District is submitting a copy of the "as-built" drawings, along with a certified statement from the engineer that the construction has been satisfactorily completed in accordance with the contract plans and specifications.

Included with this letter is a CD containing the PDF files of the "as-built" drawings and a letter from the engineer.

Per Ordering Paragraph #4, the NKWD will file with the Commission documentation of the total costs of this project, including the cost of construction and all other capitalized costs. The total costs should be ready to submit by the end of June, once all final change orders and payments have been worked through with the Contractor. We will forward this information to your attention as soon as it is ready.

If you have any questions, please be sure to let me know.

Sincerely,

Jenna Canafax
Staff Engineer
