East Kentucky Network, LLC d/b/a Appalachian Wireless ("East Kentucky Network") hereby submits the attached affidavit regarding the use of Federal Universal Service High-Cost Support.

In order to receive federal support beginning January 1 of each year, the Kentucky Public Service Commission must file its annual certification on or before October 1 of the previous year. AFFIDAVIT OF GERALD ROBINETTE

I, the undersigned Gerald Robinette, do hereby declare under penalty of perjury as follows.

1. I am the authorized representative of East Kentucky Network, LLC d/b/a Appalachian Wireless ("East Kentucky Network"). I am personally familiar with the Federal Universal Service High-Cost Support received by East Kentucky Network and how these funds are used by East Kentucky Network.

2. East Kentucky Network was designated as an eligible telecommunications carrier by the Kentucky Public Service Commission in Case No. 2005-00045 by order dated August 11, 2005.

3. East Kentucky Network estimates that it will receive \$7,300,000.00 of Federal Universal Service support during the January 1, 2011 to December 31, 2011 time period.

4. The Federal Universal Service Support funds East Kentucky Network receives during 2011 will be used for the provision, maintenance and upgrading of facilities and services for which the support is intended, as designated by the Federal Communications Commission consistent with Section 254(e) of the Federal Telecommunications Act of 1996. These funds will be used to provide the following supported services, as outlined in 47 C.F.R. § 54.101(a), which are available to any customer in East Kentucky Network's service area: voice grade access to the public switched network, unlimited local usage, dual tone multi-frequency signaling or its functional equivalent, access to emergency services, including 9-1-1 service or enhanced 9-1-1 service, access to operator service, access to interexchange service and access to directory assistance and toll limitation for qualifying low income customers.

5. East Kentucky Network follows Federal Communications Commission Part 32 accounting requirements for regulated local exchange carriers and Part 36 separations provisions

used to determine high-cost support amounts.

6. While continuing to receive the estimated amount of Federal Universal Service support as described and using this support for the purposes as described, East Kentucky Network does not anticipate increasing local rates nor withdrawing any services; therefore, the comparability of rates and service between the rural areas served by East Kentucky Network and the urban areas of Kentucky will not be changed because of any action on the part of East Kentucky Network.

7. The matters addressed above are within my personal knowledge and are true and correct.
