Re: Real-Time Pricing Pilot Program

Dear Ms. Mitchell:

Pursuant to our discussion on March 23, 2010, please find below a status report on East Kentucky Power Cooperative, Inc.'s ("EKPC") Real-Time Pricing Pilot Program.

EKPC and four of its Member Cooperatives filed Real-Time Pricing Tariffs with the Commission; these tariffs were accepted and made effective January 1, 2010. EKPC is posting hourly day ahead pricing on a secure website as provided in the Member Cooperatives' tariffs. To date, no customers have been set up on the tariff. A few potential customers have indicated an interest, but have not pursued the pilot program at this time. EKPC will provide the first annual report on this program no later than March 31, 2011, as required by Order in Case No. 2007-00165.

Please let me know if you have questions or if you would like additional information.

Very truly yours,

Roger Cowden
Counsel
