To : Mr. Jeff Derouen
Executive Director
Public Service Commission

RE: Case No. 2007-00352
Tank Surcharge

Mr. Derouen,

This letter is to give notice that the Southeast Daviess County Water District has ceased billing the 39 cents per 1,000 gallon of water sold to fund the construction of the water tank in Masonville, Kentucky. With the October 2010 billing, the Southeast Daviess County Water District was able to pay off the remaining balance on the Kentucky Infrastructure Authority loan # C07-02 which was initiated for payment to the contractor once the tank was complete while the Water District was still collecting funds.

To provide a list of the capital contributions regarding this surcharge, the Water District recorded the following amounts to the financial records of the Water District:

335	Hydrants	\$	3,000.00
331	Transmission and Distribution Mains	\$	61,170.11
330	Distribution Reservoirs and Standpipes	\$	1,124,218.58

At this time, we request the Public Service Commission consider this case closed and have the tariff representing the tank surcharge removed from our list of rates.

If you have any questions concerning this, please feel free to discuss those with me.

Sincerely,

Keith Krampe
Office Manager
