Re: Petition for Confidential Treatment --Case No. 2011-00125

Dear Mr. Derouen:

In response to the Commission's letter dated February 13, 2012 in the above-referenced case, East Kentucky Power Cooperative, Inc. ("EKPC") has considered the Commission's denial of confidential protection regarding the seller's identity, and agrees with the decision that confidential protection is no longer required. Consequently, EKPC will not seek rehearing with the Commission under the provisions of KRS 278.400.

Should you have any questions, please contact me.

Sincerely yours,

Mark David Goss
