Re: *In The Matter Of: Application Of Bullitt Utilities, Inc., For A Certificate Of Convenience And Necessity, And Surcharge For Same, Case No. 2014-00255*

Dear Mr. Derouen:

Thank you for your December 14, 2015 letter which I received in the mail late last week. Your letter advises that my December 11, 2015 cover letter and the enclosed Objection of Veolia to Joint Motion to Dismiss Bullitt Utilities' Application for a Surcharge "are being treated as public comment and have been placed into the case file of this proceeding." My letter and Veolia's Objection appeared in the record on Friday afternoon, December 11, 2015 from my review of the record available at the Commission's website before they were later removed. I printed the document available in the record on the Commission's website in creating the PDF file I used to provide a copy of Veolia's Objection to all counsel who have participated in this matter.

The Commission seems to make a distinction between placing a document in the case file for this proceeding and submitting documents and other information into the record in the case. I believe all prior pleadings and letters I submitted for Veolia were placed in the record of this proceeding. If there is any substantive difference between placing a document in the case file and putting a document in the record, I request that my December 11, 2015 cover letter, Veolia's Objection, the Commission's December 14, 2015 letter and this letter be placed in the record for this case which would then be available on the Commission's website.

Presumably, the record in this case will still be available on the Commission's website until the time to request rehearing or appeal from the Commission's December 15, 2015 Order has expired.

I appreciate the Commission's consideration of my request.

Jeff R. Derouen
