Re: Kentucky Power Company
Petition Requesting Confidential Treatment received 4/1/2015
PSC Reference: Case No. 2014-00479

Dear Mr. Overstreet:

Pursuant to 807 KAR 5:001, Section 13(3), Kentucky Power Company ("Ky Power"), by Petition for Confidential Treatment received April 1, 2015, requested confidential treatment of certain information filed with the Commission outside of a formal proceeding. 807 KAR 5:001, Section 13(3)(c), provides that the Commission's "executive director, as official custodian of the commission's records, shall determine if the material is within an exclusion established in KRS 61.878 and the time period for which the material should be considered as confidential and shall advise the requestor of his or her determination by letter." This letter constitutes my determination of your request.

The information you request the Commission treat as confidential is identified as being contained in Ky Power's Response to the Commission's First Data Request, Item 9, and more particularly described as customer specific information, including voltage, name of the line, and that the customer is served by a single transmission line.

Your justification for having the Commission handle this material as confidential is that the public disclosure of the information could result in an unfair commercial advantage to competitors; and disclosure of critical infrastructure could result in a threat to public safety.

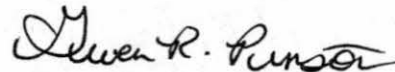

Based on a review of the information and pursuant to KRS 61.878(1)(c)(1), KRS 61.878(1)(m)(1), and 807 KAR 5:001, Section 13, it has been determined that the information requested to be held confidential, if publicly disclosed, could present an unfair commercial advantage to competitors, and could possibly present a threat to public

safety. Therefore, the information requested to be treated as confidential **meets the criteria for confidential protection** and will be maintained as a nonpublic part of the Commission's file in this case for a ten-year period of time from the date of your request, or until further orders of the Commission. The procedure for usage of confidential materials during formal proceedings may be found at Section 13(9) of 807 KAR 5:001.

If the information becomes publicly available or no longer warrants confidential treatment, Ky Power is required by Section 13(10)(b) of 807 KAR 5:001 to inform the Commission so that the information may be placed in the public record.

Any questions regarding this letter should be directed to John E.B. Pinney, Acting General Counsel at (502) 782-2587.

Sincerely,

Gwen R. Pinson
Executive Director
